

# InformaCast® + Visitor Aware®

## MASS NOTIFICATION AND VISITOR CHECK-IN

InformaCast is a mass notification and incident management solution that integrates with Visitor Aware, a visitor and student management tool, to help schools detect threats, notify everyone, and manage incidents. Stay ahead of critical events and keep students and staff safe and informed with InformaCast and Visitor Aware.

### DETECT THREATS

Identify unwanted guests, set up one-touch alerts, and automate processes to deliver notifications the moment an issue arises.

### NOTIFY EVERYONE

Deploy intrusive audio, text, and visual alerts throughout your school and to mobile devices so no one misses a message.

### MANAGE INCIDENTS

Leverage a complete toolset to enhance your emergency response with real-time insights, safety resources, and reunification.

# Safety & Communication Solutions

## EMERGENCY NOTIFICATION

Get the word out so everyone receives the information they need to stay out of harm's way.

## INCIDENT MANAGEMENT

Manage events using real-time insights, safety resources, and flexible messaging.

## PAGING

Utilize intrusive audio to send pages to phones, speakers, and analog paging systems.

## PANIC BUTTONS

Use wearable and mounted devices, a mobile app, and keyboard shortcuts to request help.

## BELL SYSTEMS

Schedule and automate your bells for classes, shift changes, visiting hours, and more.

## VISITOR CHECK-IN

Verify guests with facial recognition and ID scanning to keep buildings secure.

## SAFETY DRILLS

Secure, assign, and conduct required safety drills while creating digital records.

## STUDENT MANAGEMENT

Account for students and facilitate a streamlined reunification process.

## BUS MANAGEMENT

Know when students get on and off the bus and view bus GPS location data.

## 911 ALERTING

Notify key personnel when 911 is dialed and send alerts that connect directly to dispatchers.
