

InformaCast®

COLLEGE & UNIVERSITY NOTIFICATION SYSTEM

InformaCast is a mass notification and incident management solution that excels in delivering effective emergency messages throughout your campus to on-site and mobile devices. When you need students, faculty, and staff to take notice and take action, InformaCast gets information into the hands of the people who need it, wherever they are.

DETECT THREATS

Set up one-touch activation and automated alerts to deliver notifications the moment an issue arises on or near campus.

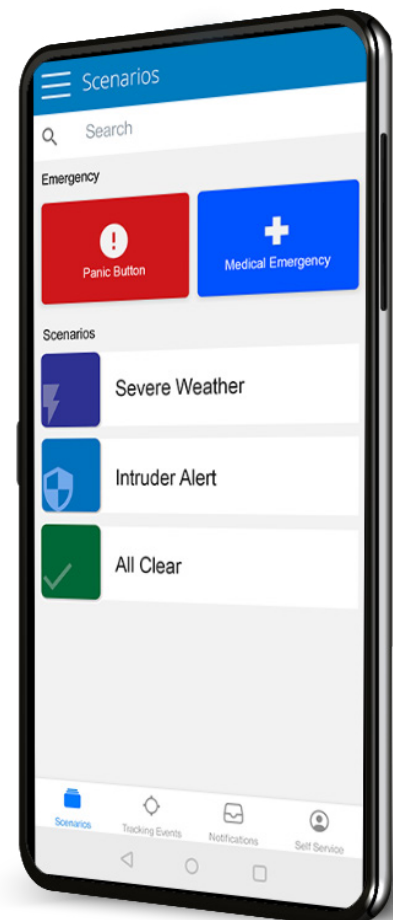

NOTIFY EVERYONE

Deploy immediate, intrusive audio, text, and visual notifications throughout your campus to reach students, staff, campus safety teams, and first responders.

MANAGE INCIDENTS

Leverage a complete toolset, including critical incident mapping, to enhance your emergency response with real-time insights, safety resources, and reporting.

Campus Safety Solutions

EMERGENCY NOTIFICATION

Get the word out so students and staff receive the information they need to stay safe.

MOBILE NOTIFICATION

Send text messages, push notifications, and emails to all everyone wherever they are.

DESKTOP NOTIFICATION

Deliver alerts directly to desktops with network and cloud-based notifications.

INCIDENT MANAGEMENT

Manage an event from start to finish with real-time insights, resources, and flexible messaging.

VISITOR MANAGEMENT

Screen campus building visitors and add anonymous tip line capabilities.

PAGING

Utilize intrusive audio to send pages to phones, speakers, and analog paging systems.

PANIC BUTTONS

Use wearable and mounted devices, a mobile app, and keyboard shortcuts to request help.

ACTIVE SHOOTER SAFETY

Integrate gunshot detection systems to share alerts and trigger lockdowns.

TECHNOLOGY INTEGRATIONS

Connect and integrate existing hardware, including blue light poles, 2-way call boxes and more.

SEVERE WEATHER ALERTING

Monitor National Weather Service feeds to stay ahead of disasters that impact your campus.
