

InformaCast®

EMERGENCY COMMUNICATIONS CENTER (ECC)

ECC is an add-on feature to InformaCast that enables schools and districts to meet the requirements of Alyssa's Law. With ECC your school can leverage silent panic buttons that send notifications directly to the Public Safety Answering Point (PSAP) with location information and details about the presence of active assailants. This means first responders know the moment an incident occurs and can begin sending help as quickly as possible.

DETECT THREATS

Leverage silent panic buttons to initiate alerts when active assailants threaten students and teachers.

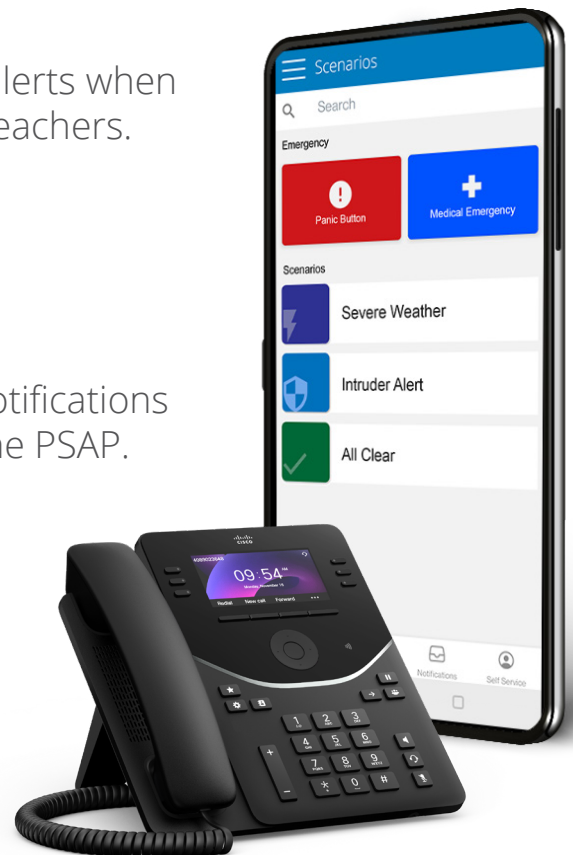

NOTIFY EVERYONE

Deliver intrusive text, audio, and visual notifications throughout your school and directly to the PSAP.

MANAGE INCIDENTS

Gain real-time insights and coordinate an effective response with internal safety teams and local law enforcement.

Meet Alyssa's Law Requirements

PSAP CONNECTIVITY

Automatically notify the local PSAP when an emergency occurs at your school.

CRITICAL INCIDENT MAPPING

See exactly where someone activated a panic button on a digital floor plan.

ACTIVE SHOOTER SAFETY

Integrate gunshot detection systems to share alerts and trigger lockdowns.

FAMILY REUNIFICATION

Account for students and help streamline the reunification process following an event.

SILENT PANIC BUTTONS

Leverage five silent panic button options, including apps, wearables, and mounted devices.

INCIDENT MANAGEMENT

Coordinate a response using real-time insights, safety resources, and flexible messaging.

EMERGENCY NOTIFICATION

Deliver silent notifications as text and visuals to on-site and mobile devices.

VIRTUAL COLLABORATION

Gather key stakeholders to share information as events unfold to deploy an effective response.

Visit www.singlewire.com/demo or contact our sales team at www.singlewire.com/contact-us, to discuss how InformaCast ECC can help your school meet Alyssa's Law.
