

# InformaCast®

## MASS NOTIFICATION SYSTEM

InformaCast is a mass notification and incident management solution that excels in delivering effective emergency messages to on-site and mobile devices. When you need people to take notice and take action, InformaCast gets information into the hands of people who need it, wherever they are.

### DETECT THREATS

Set up one-touch activation and automated alerts to deliver notifications the moment an issue arises.

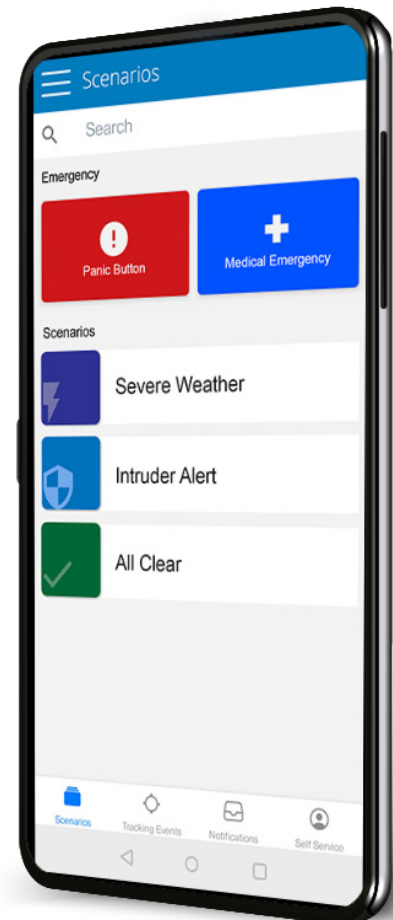

### NOTIFY EVERYONE

Deploy intrusive audio, text, and visual alerts throughout your building and to mobile devices so no one misses a message.

### MANAGE INCIDENTS

Leverage a complete toolset to enhance your emergency response with real-time insights, safety resources, and reporting.

# Safety & Communication Solutions

## EMERGENCY NOTIFICATION

Get the word out so everyone receives the information they need to stay out of harm's way.

## MOBILE NOTIFICATION

Send text messages, push notifications, and emails to all everyone wherever they are.

## DESKTOP NOTIFICATION

Deliver alerts directly to desktops with network and cloud-based notifications.

## INCIDENT MANAGEMENT

Manage events using real-time insights, safety resources, and flexible messaging.

## BELL SYSTEMS

Schedule and automate your bells for classes, shift changes, visiting hours, and more.

## PAGING

Utilize intrusive audio to send pages to phones, speakers, and analog paging systems.

## PANIC BUTTONS

Use wearable and mounted devices, a mobile app, and keyboard shortcuts to request help.

## ACTIVE SHOOTER SAFETY

Integrate gunshot detection systems to share alerts and trigger lockdowns.

## 911 ALERTING

Notify key personnel when 911 is dialed and send alerts that connect directly to dispatchers.

## SEVERE WEATHER ALERTING

Monitor feeds from the National Weather Service to stay ahead of natural disasters.
