InformaCast

NOTIFICATIONS WITH WEBEX CALLING

webex by CISCO

InformaCast is a mass notification and incident management solution that integrates with Webex Calling to deliver effective emergency messages and daily communication. When you need people to take notice and take action, InformaCast and Webex Calling get information into the hands of people who need it when they need it most.

DETECT THREATS

Set up one-touch activation and automated alerts to deliver notifications the moment an issue arises.
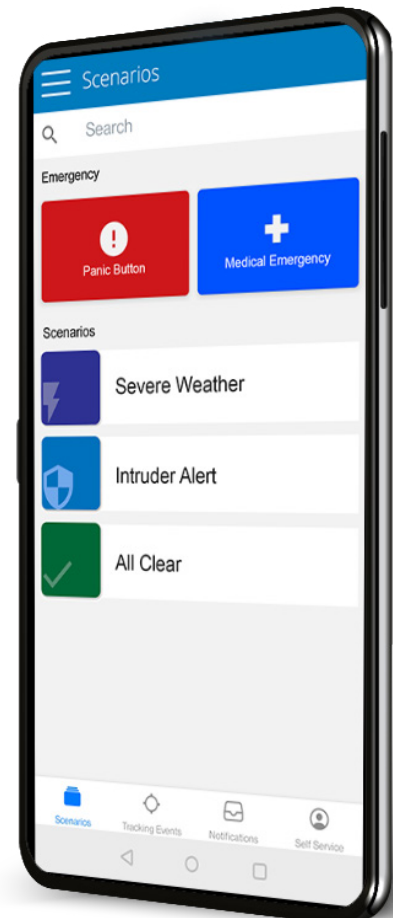

NOTIFY EVERYONE

Deploy intrusive audio, text, and visual alerts throughout your building and to mobile devices so no one misses a message.

MANAGE INCIDENTS

Use Webex for virtual collaboration with key stakeholders to assess situations in real-time and deploy a response.
