

Mass Notification Safety Bundle for K-12 Schools

SMARTER SALES. BIGGER DEALS.
SAFER SCHOOLS.

One Integrated Bundle. More Value for Schools. More Wins for You.

Eplus, Advance Network Devices (ANetD) and Singlewire are teaming up to offer K-12 schools a turnkey safety bundle - Enhanced Safety Automation for Emergencies - that solves urgent security needs - fast.

Why You Should Lead with This Bundle

- **Sell more, faster** – Field-proven solutions (ANetD + InformaCast) with ePlus deployment means fewer hurdles to close
- **Bundle for bigger deal size** – Hardware, software, and services rolled into one easy purchase
- **Lead with compliance** – Meets Alyssa's Law and other safety mandates
- **Easy story to tell** – Clear, urgent use cases school leaders understand instantly

Why K-12 Customers Say "Yes"

- **One purchase, one install** – Achieve complete peace of mind with a single, integrated solution
- **Bundled for faster, easier integration** – Combine IP hardware and mass notification software for effective alerting
- **Instant, intrusive alerts** – Reach every corner of campus with audio and visual messages
- **State mandate ready** – Attain Alyssa's Law compliance and more
- **Everyday uses and emergencies** – Deliver announcements, schedule bells, monitor severe weather, and launch lockdowns
- **Reduced IT burden** – ePlus handles deployment, training, and support

Mass Notification Safety Bundle for K-12 Schools

SMARTER SALES. BIGGER DEALS.
SAFER SCHOOLS.

What's in the Bundle? Real Impact.
